Opportunity can come with luck but not success which requires a substained and continuous effort?

Greetings to you all.

Welcome to Durga Public School- Pilani , a school that focuses on opportunity and achievement, a place where students are encouraged and supported to excel. One of the most important decisions that any family makes is the school they choose for their youngster's education. At Durga public School we believe that we offer the very best of teaching and learning that has been specially tailored to meet the needs of the young people of pilani . The popularity of the school is not accidental; careful planning and programming, the selection of excellent staff and a willingness to innovate in educational provision have all contributed to the high level of academic success achieved by students at the school.

The challenge to be 'the best you can be' in academic achievement is supported by a holistic approach to personal learning. The classroom programmes are rich and engaging, and the range of cultural, sporting and performance opportunities provides a huge number of opportunities that allow every student access to an environment where they can participate and excel. We challenge and channel students to set high expectations for themselves and support them to achieve at the highest level. The goal of experiencing tertiary study is achieved by many of our school leavers.

It gives me immense pleasure in welcoming you to DPS, a highly progressive & enterprising institution, pledged to provide quality education with great emphases on traditional values

DPS is deveined to provide the most rigorous, academically challenging course of study, all the while offering a wide range of career and vocational opportunities for all its students. An essential Component of a student's success is the entire support of the school & his/her family who work as a team. After all , team means “Together everyone achieves more “

As the principal, I feel proud of the DPS family. I am confident enough that we can cater for your individual needs. We can committed to build & develop school pride through participation, commitment & respect. I invite you here in DPS for the best years of your life.

"Life is very short, live it smilingly."

Ms. Punita Sharma

OUR AIM

To provide the holistic education with spiritual, moral social, cultural, expertise to students to make them potential & responsible citizen of the country.

VISION

To provide the students a stimulating learning environment with a technological orientation to ensure that students of all ability levels are well as life

The aim of all education is progress through integration of human personality.We are here to open the way of the future to children who belong to the future. We are here to do what the others can not do because they do not have the idea that it can be done. True education helps the child to develop an integrated, all round personality which is an Integration of manifold manifestations of a child's behavioural and emotional tendencies through his conduct and activities. Each human being is unique, his true self and innate potential are unique too and not identical with another. Therefore uniform progress for all is not feasible by adopting any single rigid system common to all. Free progress system in education keeps in mind this uniqueness of each human being, his capacity to learn grow, develop and progress.

This school provides conducsive environment for developing child's inherent potentialities. Freedom of choice in pursuing child's own set of learning activities and subjects.

The teacher's role will be to facilitate the children to become conscious of their innate capacities.

"Sometimes your patience achieves more than your force".

The School in its mission statement speaks about confidence, service challenges, adventure, academic, exvellency, creativity, co-opreation, polenance , expatly & integrity. Therefore our prime responsibility is to prepare growing minds to act as bright of the future.

- To help children to develop their intellectual, aesthetic, emotional ,Spiritual and moral qualities.
- To facilitate children to learn to identify and express their inherent potentialities.
- To impart education for the development of an integrated personality of the child, their mental, physical and psychological progress.
- To enable the child ultimately to take charge of his development,
- To give freedom to the child to choose his own curriculum and set of activities as per his temperament and interest.
- Teaching by trained, dedicated innovation and well qualified teachers.
- Also aims at moulding its students into responsible citizen by cultivating the values of discipline, neatness and punctuality
- Co-curricular activities are included in the daily School routine to help the overall personality development of students.
